

PETROL STUMP GRINDER

SGM4200

PRODUCT DATA	
Dimensions L x W x H	1730 x 790 x 1170 mm
Engine	4-stroke petrol engine
Power	420 cm³ / 12.0 PS / 9.0 kW
Fuel type	Petrol / 6.5 L
Max. milling depth (below ground)	235 mm
Max. milling height (above ground)	600 mm
Milling teeth	9 x
Milling disc Ø	300 mm
Max. incline	11 %
Start system	Cable pull
Automatic oil cut-off	Yes
Adjustable handlebar	Yes
CO² output	777.93 g/kWh

LOGISTICAL DATA	
Weight net / gross	106 / 128 kg
Packaging dimensions	1060 x 800 x 650 mm
Item number	5904905903
EAN	4046664292692
20 containers	54 pcs.
40 containers	/ piece
40 HQ containers	112 pcs.

A powerful motor and 9 carbide-tipped cutting teeth ensure excellent results.

Side splash guards prevent wood chips from flying around uncontrollably.

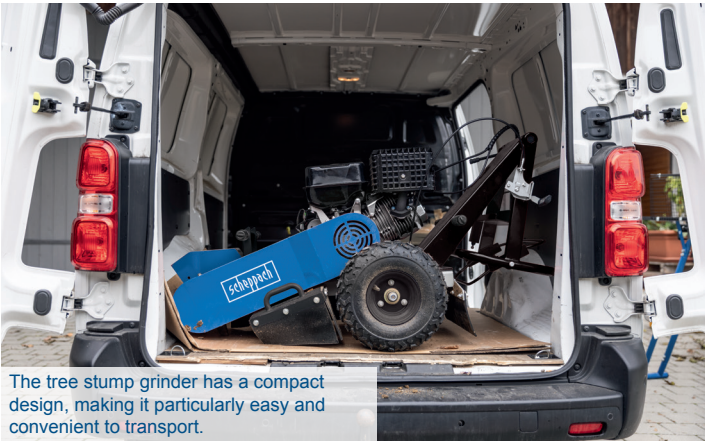

The ergonomic, adjustable handlebar with easily accessible grips makes it easier to manoeuvre the stump grinder and allows for longer periods of use.

A cutting depth of 235 mm below and 600 mm above ground level allows for the complete removal of tree stumps, beyond the surface of the ground.

Cutting disc thickness 90 mm.
Cutting disc diameter 300 mm.

The tree stump grinder has a compact design, making it particularly easy and convenient to transport.

Easily accessible pneumatic tyres with off-road tread for safe operation.

Double V-belt ensures robustness and protects both the engine and the entire mechanism from any internal shocks and kickback.
